

CHESWARDINE HALL
Est.1985

29th October 2012

Paul held the Head Chef position at Cheswardine Hall, prior to his relocation to London. During his time with us Paul's work ethic, kitchen management, team working and culinary expertise were all of an extremely high standard. His knowledge and understanding of the Environmental Health legislation and commitment to his post translated into a top Grade 5 rating, during our unannounced Environmental Health inspection. Pauls 'can do' attitude and friendly persona make him a pleasure to work with - I have no hesitation in recommending Paul Parks for any culinary position.
